

Author's manual

Author's manual to formate articles for the journal ZEVrail

The journal ZEVrail is a scientific specialist journal for the entire railway system.

Deadline

The agreed editorial deadline must be observed.

File format text

You hand in a manuscript as .doc-file (Word) by e-mail or on a data medium. All texts must be stored as a continuous text without line-breaks.

Text size

The text should not exceed a maximum of 25.000 characters (including blank characters).

Text structure

The placements of figures and tables must be mentioned in the text with double bracket and caption – ((Fig. 1, sample-caption)). They can be integrated as a preview, but must be added separate in addition. Figures in the text have to be numbered continual (see next).

Use decimal classification: 1.1.1, 1.1.2, 2.1.1 ...

Illustrations and photos

Please send all illustrations (photos, graphics) as PDF, TIFF, EPS or JPG-format with at least 300 dpi resolution in a separate folder. The filename have to be the number of the figure. Each illustration must be accompanied by a descriptive text. Powerpoint-charts with low resolution are not useable.

Tables can be integrated into the text as WORD tables or be enclosed separately as EXCEL data files.

Abstract

The article starts with the abstract which should not contain more than 1.000 characters. The abstract should be a summary, not a conclusion.

Curriculum Vitae

Your Curriculum Vitae must contain the usual informations, email address, and a photo with at least 300 dpi.

Literary and source references as well as footnotes have to be placed at the end of the article.

Involved parties

All companies, manufactures and service providers linked to your the project and article should be listed in a separate word-file.

Sample professional article Download: www.zevrail.de/Author's manual

Editing

The editor works on your article and comes to an agreement with you. Before printing you will receive a revision-edition with your article as it should be published in the ZEVrail. Please control, if there were mistakes made in the transmission. The revision is not done to modify and change things concerning the content, but to make sure that there were no mistakes in transmission and setting.

Print approval

The print approval results from your acceptance or automatically by the expiration of the acceptance period.

Copyright

The editor of the publisher and the author place a contract in the moment of acceptance of the manuscript. This contract essentially regulates copyright as well as the right of publishing. The author is responsible for the authorization to print of the used figures.

Author's Copy

Each author of a professional article will receive a copy of the issue.
